8. Strengths & Challenges
 - 8.1. Strengths
 - 8.2. Challenges
9. Outlook

Who is this Vendor Assessment for?

NelsonHall's Quality Engineering profile on Aspire Systems is a comprehensive assessment of Aspire Systems' offerings and capabilities, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of QE and identifying vendor suitability for quality engineering/QA/testing services
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the QE and IT services sectors.

Key Findings & Highlights

Testing is Aspire Systems' second-largest unit, representing a NelsonHall-estimated ~27% of the company's revenues. Aspire has 150 QA clients and 1k testers (including 800 in India). Aspire's QA unit targets BFS, retail, education, insurance firms, and ISVs.

The practice's delivery is organized vertically. It continues developing vertical-specific knowledge and capabilities, including training and COTS-specific testing capabilities around Temenos for banking and Salesforce and SAP hybris for retail and e-commerce. It has one CoE focused on best practices, Innovation Lab.

Scope of the Report

The report provides a comprehensive and objective analysis of Aspire Systems' QE offerings, capabilities, and market and financial strengths, including:

- Identification of the company's strategy, emphasis, and new developments
- Analysis of the company's strengths, challenges, and outlook
- Revenue estimates
- Analysis of the company's offerings and key service components
- Analysis of the company's delivery organization, including the location of delivery centers.

About The Author

Dominique Raviart is the IT Services Practice Director at NelsonHall, with global responsibility for IT Services research programs.

Dominique covers IT Services research in the areas of Software Testing/QA, Big Data and Analytics Services, Salesforce services, and IoT Services. Dominique has been part of NelsonHall’s IT Services analyst team since 2007, providing comprehensive and insightful coverage of IT services markets around the world. In particular, he is widely known for his extensive knowledge and coverage of software testing, having examined recently digital testing and DevOps/continuous testing. Dominique assists both buy-side and vendor organizations in assessing opportunities and supplier capability across IT service lines.
