8. Outlook

## Who is This Vendor Assessment For?

---

NelsonHall's cloud infrastructure brokerage, orchestration, and management services profile on LTI is a comprehensive assessment of LTI's offerings and capabilities, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of digital services and cloud infrastructure brokerage, orchestration, and management services and identifying vendor suitability for RFPs
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the IT services sector.

## Key Findings & Highlights

---

This NelsonHall vendor assessment analyzes LTI's offerings and capabilities in cloud infrastructure brokerage, orchestration, and management services.

LTI focuses on four key imperatives to enable cloud modernization, including:

- Embracing a hybrid cloud: ensuring the client's cloud journey and adoption is successful and aligned with their business, and security and compliance. It seeks to provide value across private, public, and hybrid cloud
- Business-driven cloud architecture: focusing on new capabilities, longevity, and scale, embracing multi-cloud and driving 'as a service mindset'
- Continuous modernization: once a client has moved to the cloud, helping modernize legacy applications and modernize ERP (SAP) workloads to the cloud. In addition, API-enabled core capabilities to interact with cloud-native services from AWS, Azure, and GCP
- Continuous optimization: continuously evaluating and optimizing existing cloud services for efficiency and cost and improving security posture to predict, prevent, and respond to increasing cyber threats.

## Scope of the Report

---

The report provides a comprehensive and objective analysis of LTI's cloud infrastructure brokerage, orchestration, and management services offerings and capabilities, and market and financial strengths, including:

- Identification of the company's strategy, emphasis, and new developments
- Analysis of the company's strengths, weaknesses, and outlook
- Revenue estimates
- Analysis of the profile of the company's customer base including the company's targeting strategy and examples of current contracts
- Analysis of the company's offerings and key service components
- Analysis of the company's delivery organization including the location of delivery locations.
