Who Is This Vendor Assessment For?

NelsonHall's Intelligent Automation Services in Banking Vendor Assessment for Mindtree is a comprehensive assessment of Mindtree's Intelligent Automation in Banking offerings and capabilities designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of intelligent automation processes and identifying vendor suitability for intelligent automation services RFPs
- Vendor marketing, sales and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the support services sector.

Key Findings & Highlights

Mindtree was formed in 1999 to offer application development and R&D services. It then broadened its portfolio to include software testing and managed services. Today, Mindtree provides services for process automation, e-commerce, mobile applications, cloud computing, digital transformation, data analytics, software testing, application integration, and ERP. In June 2019, Larsen & Toubro took a 61% controlling interest in the company.

Mindtree focuses its intelligent automation services on automating industry-specific processes. It began offering process automation services in 2015 in support of its managed services engagements globally. Mindtree started with RPA scripts, advanced into automation models, and today it delivers hyper-automation (cloud-delivered automation) services.

Scope of the Report

The report provides a comprehensive and objective analysis of intelligent automation services offerings, capabilities, and market and financial strength, including:

- Identification of the company's strategy, emphases and new developments
- Analysis of the company's strengths, weaknesses and outlook
