Who Is This Vendor Assessment For?

NelsonHall's Transforming Wealth & Asset Management Services Vendor Assessment for Mindtree is a comprehensive assessment of Mindtree's wealth and asset management services offerings and capabilities designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of intelligent automation processes and identifying vendor suitability for wealth and asset management services RFPs
- Vendor marketing, sales and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the support services sector.

Key Findings & Highlights

Mindtree is a digital technology services vendor which began delivering application development and R&D services, then expanded to include software testing and managed services. Today, Mindtree provides services for process automation, e-commerce, mobile applications, cloud computing, digital transformation, data analytics, software testing, application integration, and ERP.

Mindtree focuses on:

- Services lines:
 - Customer success
 - Data and intelligence
 - Cloud
 - Enterprise IT
- Industry groups:
 - BFSI
 - Retail and consumer
 - Travel and transport
 - Communications, media, and technology
- Geographies:
 - North America
 - U.K. and Ireland
 - Continental Europe
 - APAC & Middle East

Mindtree began working with the W&A industry 19 years ago, delivering self-service solutions for wealth management accounts. This work expanded into regulatory reporting solutions. Today M&A support, platform transformation, and workplace transformation are driving most of Mindtree's W&A services activities.

Scope of the Report

The report provides a comprehensive and objective analysis of wealth and asset management services offerings, capabilities, and market and financial strength, including:

- Identification of the company's strategy, emphases and new developments
- Analysis of the company's strengths, weaknesses and outlook
- Revenue estimates
- Analysis of the profile of the company's customer base including the company's targeting strategy and examples of current contracts
- Analysis of the company's offerings and key service components
- Analysis of the company's delivery organization including the location of delivery locations.
