Who is this Vendor Assessment for?

NelsonHall's QE profile on TestingXperts is a comprehensive assessment of TestingXperts' offerings and capabilities, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of QE and identifying vendor suitability for quality engineering/QA/testing services
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the QE and IT services sectors.

Key Findings & Highlights

This NelsonHall vendor assessment analyzes TestingXperts' offerings and capabilities in QE.

TestingXperts (Tx) was founded in 2013 in London, U.K., and Harrisburg, PA, to provide testing services. The company has based its model on an India-centric global delivery network, with its two largest sites in Hyderabad and Chandigarh. The remaining personnel is spread mainly across the U.S., U.K, and, increasingly, in the Netherlands.

As part of its growth ambition in North America, Tx set up a sales office and onshore delivery center in Harrisburg, PA. The company has positioned the Harrisburg center as a nearshore center to serve U.S. clients. The center is small but is part of the delivery value proposition of Tx. The company continues to expand in North America, with sales offices opened in NYC; Dallas, TX; and Toronto, Canada.

Outside of North America and the U.K., Tx invests selectively with offices in Amsterdam, Dubai, and Singapore. It recently set up a fourth office in India, in Mohali (after Bangalore last year), focused on ramping up its Indian delivery.

Scope of the Report

The report provides a comprehensive and objective analysis of Tx's QE offerings, capabilities, and market and financial strengths, including:
